Our New Broth

- RYUSの“新”スープ -

This time I mainly use Ontario's high-quality chicken. The broth has Umami, sweetness and very rich, and the Angus adds depth.

今回のメインラーメンのスープは鶏。オンタリオのクオリティの高い鶏ガラをふんだんに使用して旨味、甘みとコクをだし、そこに隠し味のアンガスビーフを加えることで味に奥行きを与えています。

Baldwin店とは異なる味を楽しんでください!

Thank you very much for choosing to dine in with us at RYUS.

There is an automatic 15% service gratuity added on to parties of six or more people. We appreciate your understanding and cooperation. Thank you and enjoy your ramen!!

"Ontario umami in a bowl"

Instead of pork bone, the chicken "Shio" ramen is made with a chicken broth infused with traditional style Japanese ingredients, such as bonito flake and other dried fish. (Paul Borkwood / CBC)

Ryu's Nostalgic Shio Noodles...what can I say more to this? From 99% rich animal bones soup base that is in Toronto now, this is the MUST have been if you desire something light and not oily! It is perfect in every way, I give it a 9.9 out of 10. It would be perfect if there is Japanese mushroom added in there. Overall, it is a must have and worth the trip to have one!

A Review from ★★★★★

My favorite ramen place. Used to go to their Baldwin location until the fire incident. So glad they opened up a new location, and right outside Broadview station too!! I absolutely love their Tan Tan Men winter special. It's spicy, savory and creamy. The gyoza are amazing as well. Very thin wrappers with a very juicy filling. Prices are reasonable. Highly recommend folks try this place out.

What is meant by 58°C? The magical number 58 is the temperature the roast beef is cooked at. The 58 degree is really important to finish the delicious medium rare AAA angus beef strip loin. It is also seasoned with rock salt and rosemary. The savory taste with our premium truffle oil is the best combination with our roast beef.
